

Card Making Tutorial – Decorated A5 Notebook & Tag ✨

Today I'm using Painterly Pears Suite Collection. I chose one of the papers that has the majority of print around the outer side. These are perfect designs for this project. You'll get two projects from one sheet.

DSP – Cut a piece of DSP down to 5-1/8" x 9-1/4", long side to top score at 8" and 8-1/4"
Using tear and tape adhere to back side of jotter.

Crafty hugs and love,
